Letter No.381 dated 26th November 1906 from the President of the Municipal and District Boards of Mysore District forwarding with remarks the Inspection Notes of Mr. P. Palpu, Personal Assistant to Sanitary Commissioner on the town of Chamrajnagar and Ramsamudra.

Order thereon. No. 1866-9 Enim
Panch 14006-2
Dated Bangalore, 7th February 1907

Recorded.

Dr. Palpu's Report discloses a lamentable state of things. Apart from the question of drainage Extensions and augmentation of Conservancy Establishment which it behoves the Municipal Board to take up on a comprehensive scale and deal with in instalments as funds permit, many of the defects noticed such as absence of private and public latrines and facilities for daily conservancy wherever nocessary, offences against village sanitation Rules and so forth are such as do not call for any large outlay of public funds but are only matters within "the day's work" of the Deputy Commissioner and his Assistants who by frequent inspection and otherwise have to enforce the rudimentary principles of Sanitation.
